March, 2024	Contact Center	"The hours for the inside have always been short, and it's hard to be able to do business inside when I work 8-5 Mon-Fri. I have to leave work sometime during the work day if I need to do banking inside. With Saturday being closed now, it's very difficult:	None Required	South Dakota

Feb, 2024	Contact Center	"Get better you purchased Great Western Bank and it has been downhill since. Hours for the physical bank is a joke, no Saturdays? Closes before you can get there after work during the week. Multiple issues with online and mobile banking. Issues with accepting and posting direct deposit from employers. Get better"	None Required	Unknown

Feb, 2024	Contact Center	I would suggest numerous things such as communicating in a more timely manner and taking the time to actually explain the process to us. If it wasn't for our realtor, we would have felt extremely out of the loop and in the dark. The entire time, it made us feel like you were too busy to acknowledge our questions and had to get extra help involved. We would wait days until we got a response from this lender. I am speaking from one experience where I had called this lender for multiple days in a row to inquire about a rate to lock in, when she finally picked up she said "today is probably a good day". Us being first time home buyers, we didn't know any better and did not feel reassured with that answer. It truly felt like she was just saying that to get us to stop asking her about it. I had to change numerous things around in my schedule, along with my husbands to deal with the wishy washy changes such as our closing time. We had the closing time set for weeks, and at 5:00 pm the night before I had to take time off from work to close. Many things were last minute. If we had to redo this process, we would not have gone with First Interstate again and I will not be recommending any family or friends to as well. The anxiety, frustrations, and difficulties we have felt on our end should not have been felt. This should have been an exciting time for us and unfortunately it was not.	None Required	Unknown
Jan, 2024	Contact Center	I was denied a credit card because of past history, not current history. Why clean up your credit if you will always bring up the past? I didn't need a credit card when I was with Great Western Bank. They always had my back. Now you all close at 4 during week. You have no drive up or any service over the weekend. You screwed up my son's account so when he tried to deposit to your bank, you didn't want the money!!! You closed his account!!! I am looking for a better bank. My little family may not have very much money but I know we can find friendlier people!!!!	No Response Required	Unknown

June, 2023	Facebook	"Well here's the deal Gents its more about the nothing WILL CHANGE when they took over Great Western. Our branch was attempted to held up on a weekday, so Saturday in a small town with ONE Bank is a bigger deal than towns with several banks and FYI, I an drive to the next town over where several banks are open on a Saturday, just not First Interstate Bank. May, 2023	Facebook	"Here's a thought, nothing will change, is what you said you took over Great Western Bank in Eloy, AZ. Well, that was a lie, you NO LONGER open on Saturdays. I am sure you had a valid reason, but a lie is a lie. No Saturdays is a pretty big deal in a small town".	"Thank you for voicing your concerns regarding hours and access. We designed hour to best meet the needs our clients, using transactional data to determine when clients most frequently visit the bank. These new hours will allow us to ensure we are fully staffed at the time when our clients needs us most. We encourage you to take advantage of convenience services like mobile banking, mobile check deposit, night drop or our deposit taking ATM".	Eloy, AZ
Feb, 2023	Customer Compliant	"The client's complaint addressed his experience with a dealership that FIB partners with. The client's expressed to the dealership the need to have all taxes, licensing, fees and costs included in the deal along with the payment due date being on or about the 5th of the month, as they were on Social Security. When the client found out the fees were not a part of the loan they asked the dealership to go back to the bank and request the additional amount be added to their loan. The dealership indicated to the client's that the bank had turned down the request for the additional amount. The client indicated that he has not been able to determine that the request to the bank for additional funds were ever made. On January 23rd, 2023, the client's sent to the FIB located at West Blvd & Omaha St., in Rapid City to change the due date to the requested dated. They found out that a CIT would be needed after the first payment and a \$50.00 processing fee. The client expressed that those involved in the entire transaction had made the entire process hard"	The client was contacted by Carla Giles, Collection Team Lead. A new CIT was sent over to the branch for the client to come in and sign at his convenience and a waiver for the previous CIT fee to be removed. Per Carla Giles email dated 2/278/23 scanned as part of the email stream.	Omaha, NE

Jan, 2023	Facebook	"All transactions have been DECLINED and just now could not get money from ATM at the bank since it is not open on Saturdays. I am on E and driving an SUV. Just glad I'm not away from home stuck somewhere and can not access my money as I am sure some PPL are for the holiday. Jan, 2023	Facebook	"Their reduced hours (compared to when they were Great Western Bank) are difficult enough-especially no longer being open on Saturdays. This outage has meant that I cant do some badly needed transactions until Tuesday because the bank is on open on a Saturday and they are closed for New Years day. I would have felt less frustrated if they had at least offer to be open tomorrow to make up for being closed today. I will say the staff at my local branch are lovely, helpful, courteous people. It is just the frustration of no longer being able to easily access my banking services since they started closing earlier every afternoon and on Saturdays after the switch from GWB". Dec, 2022	Facebook	"Very frustrating today, especially since my branch is not open tomorrow (Saturday) or Monday because of the holiday. Now I have to wait 4 days before I can do desperately needed business. Even the ATM was down all day. I really miss Great Western Bank as they were open on Saturday mornings and until 5 and 5:30 on Weekdays. Since the switch from GWB to FIB in May, I have a lot of trouble being able to get to the bank to do business since it is only open while I am at work The switch nudged me towards changing banks. Todays fiasco pushed me even closer to that decision.....About the only think holding me back is the hassle of having to change all my automatic deposits"	"We have resolved all of today's issues. We apologize for the inconvenience these issues may have caused. Branches with regular Saturday hours will be open tomorrow and ATMs as well as Mobile Banking are also available for your immediate banking needs. We appreciate your patience.	Unknown
Dec, 2022	Contact Center	"Open up on Saturdays. Due to this I am currently debating on switching banks. It shows that you are only willing to work on a schedule that suits you and not your customers. Also raise the mobile deposit amount \$5,000 is not enough other banks do more"	No Response Required	Casper, WY
Dec, 2022	Contact Center	"Small town office. Very accessible. However, I have heard a lot of complaints about your hours. You need to open on Saturday mornings.. At least at the drive up!!! Check it out, other banks in town are open on Saturday"	No Response Required	Nevada, IA

Oct, 2022	Contact Center	"Before the transition, Great Western Bank had more convenient drive through hours and hours on Saturday. It is difficult to get to a bank before closing hours."	No Response Required	Omaha, NE
Oct, 2022	Contact Center	I was not approved for a loan. The rejection was based solely on income. We are retired with little income. I did have more cash in First Interstate Bank than the loan amount requested. I showed cash assets 10x the loan. All disregarded.	No Response Required	Southern Oregon

July, 2022	Contact Center	"THE HOURS. Saturday hours would be nice. Also, opening the drive thru at 7:30am. Some people work early and get off late. I work 2 hours away and there is not FIB. With the bank not open early or on Saturdays it's kind of hard to get to the bank and get the help I need"	No Response Required	Omaha, NE
July, 2022	Contact Center	"We are not happy at all with the new bank policies and will most likely be switching. You are not open on Saturdays, which is our only day off to do banking. You put stupid 10 working day holds on large checks, and a stupid daily limit!! Very frustrated."	No Response Required	Omaha, NE
July, 2022	Customer Survey	"The bank is right in my neighborhood. I was disappointed to see that you are no longer open on Saturdays. That is when I did my weekly banking. I believe the lobby was open 9 to noon. To me that is taking a step backwards since all the other banks in town are open on Saturday"	No Response Required	Omaha, NE
July, 2022	Contact Center	"It's terrible you bought out our bank and are closed Saturdays and it takes you days sometimes 4+ to get a check received. I hated thinking about leaving a bank I've been with for 15+ years but I guess it's always time. As I've said, I've never had a bank closed on Saturdays, even opening at 9am is ridiculous. People work for a living and can't get to places on time."	No Response Required	Omaha, NE
