

# Secure Browser Quick Guide

## Mac

## Introduction

This quick guide explains how to install the secure browser for Treasury Banking Suite, a highly secure online banking application. The following instructions are for Mac only.

---

---

# Installation Steps for Mac

Your welcome email includes the link to install the Treasury Banking Suite Secure Browser. You will also need:

- Internet connection
- Administrative privileges on the computer

---

Please close computer applications as a reboot is required for installation.

---

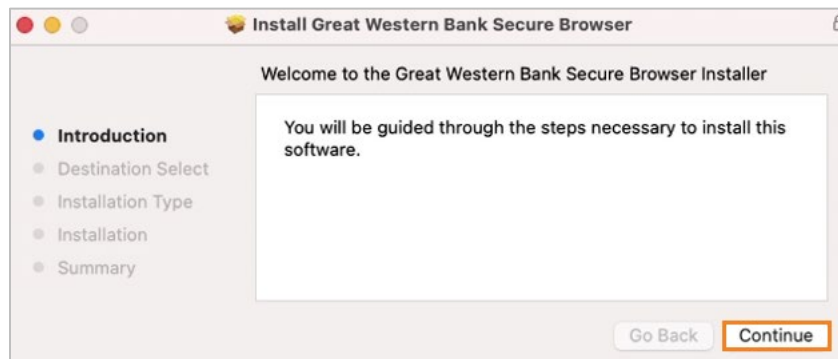

1. Select the **link** in the welcome email to begin the download.

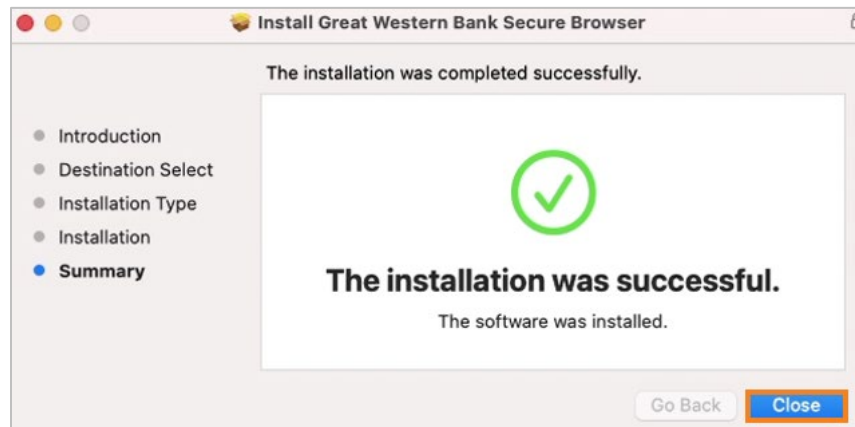

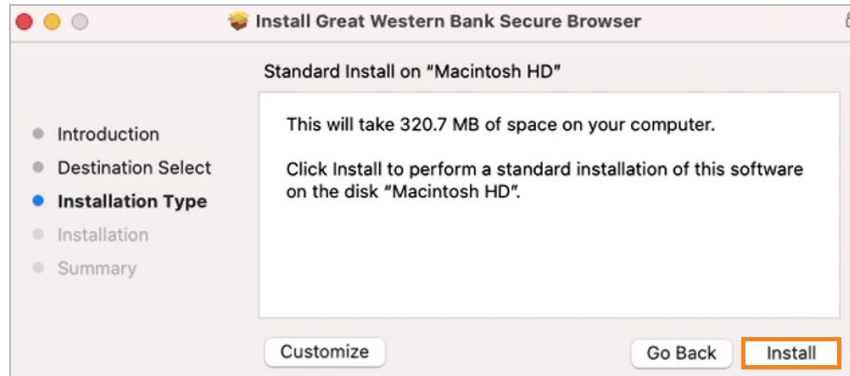

2. Once the download has completed, navigate to your downloads folder to launch the installer.

3. Click **Continue** on the wizard installer to proceed with the installation of the Secure Browser application.

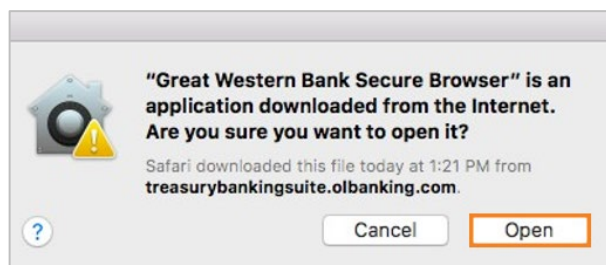

4. The installation process is now completed, continue to the **Registration** section.

## Registration

1. Locate and select First Interstate Bank browser in your **Applications** folder. Select the application to begin the simple registration process.

- If prompted, confirm that First Interstate Bank secure browser is allowed to download by clicking **Open**.

2. Select the icon on your desktop to begin the registration process.

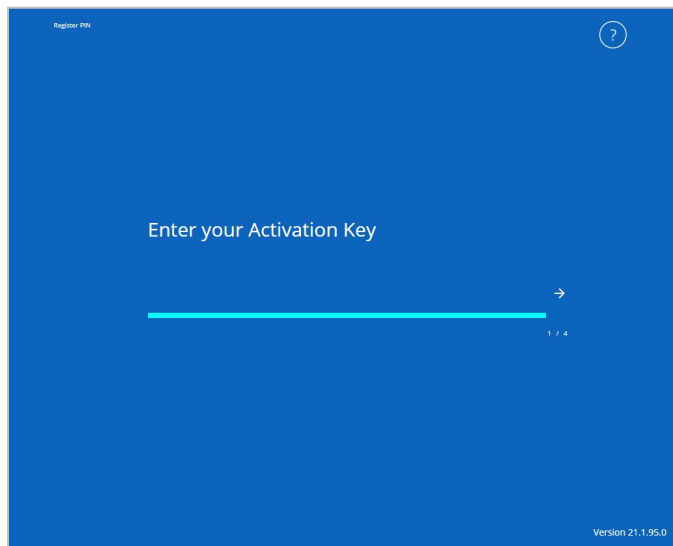

3. Enter your Activation Key.

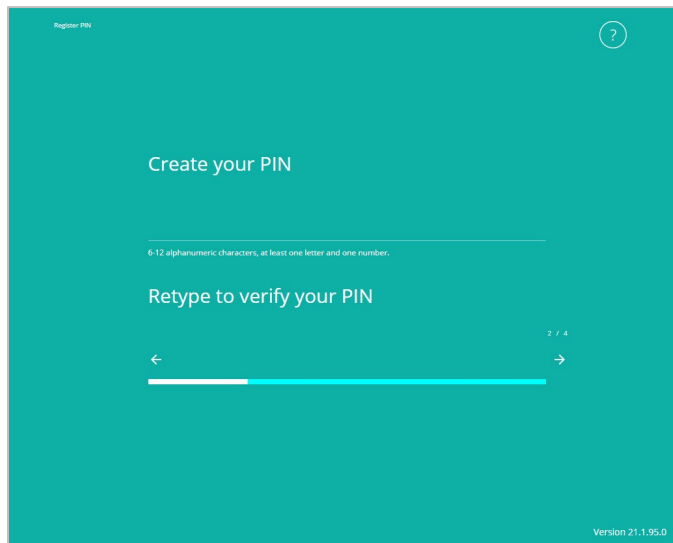

---

You will need to contact your Treasury Solution Representative to obtain this. The activation key is tied to your Company/User Profile. A User ID will not be required during the login process.

---

4. Create a PIN. This will be used to access TBS for future logins.

5. Request Verification Code.

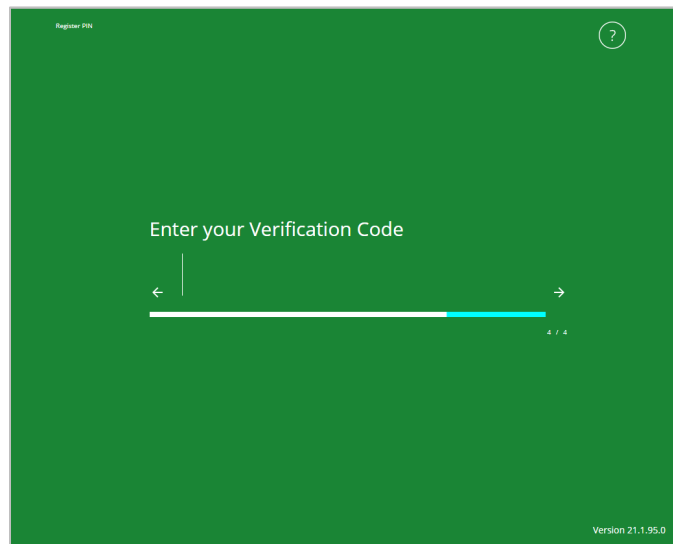

---

For initial login you will use email to receive your code. Once activated, a cell phone number can be provided to be used for future registrations if necessary.

---

6. Enter the six-digit Verification Code received via email or SMS.

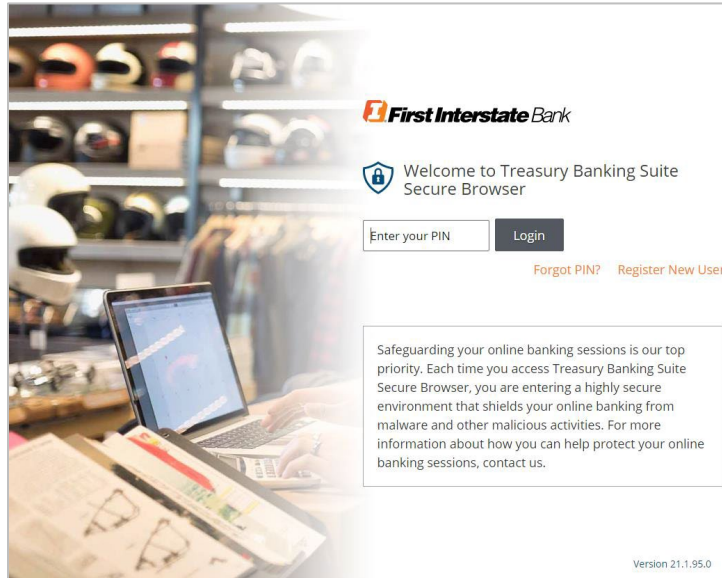

7. Your secure browser is now registered. Additional profiles can be registered by selecting the **Register New User** and completing Registrations Steps 3 through 6 with a new activation key.

8. To login, select the **icon** in your Applications Folder or from your desktop, enter the **PIN** created during registration, and click **Login**.

---

Desktop Icon can be created by dragging and dropping the application from the Applications Folder to the Desktop.

---

## Contact

Contact your Treasury Representative for any questions or assistance. You may also contact the Treasury Support Department at 888-833-3450, option 2 or [tm.support@fib.com](mailto:tm.support@fib.com).
